Dear Sir:

PUBLIC SERVICE
COMMISSION

I am writing this letter on behalf of my mother, Reba Ellis. We received your public notice, Case No. 93-253. We do have concerns and are opposed to the construction of the 197 foot tower until our concerns are resolved.

The following are concerns we would like to have responses to at this time.

1. We received a map with the letter, but to tell you the truth we are not sure where the tower is to be constructed in relation to the Ellis property. Could you outline the Ellis property?
2. My mother hasn't been contacted about selling any property, so we know it isn't going to be built on her property. The letter said that it is within 500 feet of her property, I own land that joins my Mom and I haven't received any letter from you.
3. How will the tower interfere with television reception?
4. How will the tower interfere with radio reception?
5. How will the tower interfere with telephone reception?
6. What will the tower look like?
7. What other future construction is planned around the tower?

Your response to the above concerns would be most appreciated.

Sincerely,

Dennis R. Ellis
